DISCUSSIONS

Review of academic year 2019-2020

- The second part of academic year 2019-2020 was conducted online. Many of the classes were conducted through live online classes, whereas pre-recorded videos were also shared with the students
- The student strength was relatively low as they had multiple challenges to adopt to the transition
- Student feedback was taken on challenges faced during online classes and one of the prime reasons identified was lack of internet connectivity. The proposed action to handle the situation is to provide the students with pre-recorded capsule videos of the lecture. The lectures to be short and summary of the topic rather than elaborate lectures.

Smooth Transition to online mode of teaching and learning:

- Uniform mode of engaging classes must be identified. Learning management must be identified
- To ensure that reading materials are shared, e-content is developed by the faculty members.
- The mode of assessment must be comprehensive and foolproof.
- Databases must be made available remotely for which the vendors have to be approached

Action plan for Academic year 2020-2021

- Online must be effectively utilized to ensure international personnel's can interact with the students and teachers.
- To ensure internal assessments are pre-decided, it was decided that faculty members where internal assessment to submit the pre-decided dates for internal exams and schedule for the presentations.
- Students will be encouraged to take part in online internships post class hours.

RESOLUTIONS:-

Regarding the above discussion.

1. To ensure smooth transition during the pandemic
2. To provide assistance to faculty and students to interact with national and international luminaries
3. Improvement in teaching and learning - through development of e-content
4. Encourage Guest lectures through webinars
5. Streamlining of strategic planning through SOPs
6. Adoption of comprehensive research policy
